Please find below and/or attached an Office communication concerning this application or proceeding.

### **DETAILED ACTION**

The following action is in response to communications filed for application 10/083,085 on February 5, 2004.

As noted on the previous communications from the USPTO, applicant failed to pay the proper time extension fees to have said RCE entered. On January 5, 2004, applicant was credited with paying for the RCE fee (which is the cashed check applicant provided a copy of in the most recent communications). It can be shown, however, that the appropriate extension fees were not paid. The original request for the RCE was filed before the 3 month deadline after the Final Rejection, however the fee (without any instruction or request to enter the prior amendment after final) was received after the 3 month deadline. After said 3 month date, appropriate extension fees were needed to officially enter any new action. Multiple attempts to contact the applicant about this subject matter at the only telephone number on file have failed.

**Applicant must pay the appropriate extension fees, and since the 6 month date has passed (February 20, 2004), applicant may want to consider additional fees that may keep this case from abandonment (i.e. Notice of Appeal fee).**

### **FACSIMILE TRANSMISSION**

Submission of your response by facsimile transmission is encouraged. Group 3600's facsimile number is (703) 305-3597. Recognizing the fact that reducing cycle time in the processing and examination of patent applications will effectively increase a patent's term, it is to your benefit to submit responses by facsimile transmission whenever permissible. Such submission will place the response directly in our examining group's hands and will eliminate Post Office processing and delivery time as well as the PTO's mail room processing and delivery time. For a complete

Art Unit: 3681

list of correspondence not permitted by facsimile transmission, see MPEP 502.01. In general, most responses and/or amendments not requiring a fee, as well as those requiring a fee but charging such fee to a deposit account, can be submitted by facsimile transmission. Responses requiring a fee which applicant is paying by check should not be submitting by facsimile transmission separately from the check.

Responses submitted by facsimile transmission should include a Certificate of Transmission (MPEP 512). The following is an example of the format the certification might take:

I hereby certify that this correspondence is being facsimile transmitted to the Patent and Trademark Office (Fax No. (703) 305-3597) on \_\_\_\_\_ (Date)

Typed or printed name of person signing this certificate:

\_\_\_\_\_  
\_\_\_\_\_

(Signature)

If your response is submitted by facsimile transmission, you are hereby reminded that the original should be retained as evidence of authenticity (37 CFR 1.4 and MPEP 502.02). Please do not separately mail the original or another copy unless required by the Patent and Trademark Office. Submission of the original response or a follow-up copy of the response after your response has been transmitted by facsimile will only cause further unnecessary delays in the

processing of your application; duplicate responses where fees are charged to a deposit account may result in those fees being charged twice.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roger L Pang whose telephone number is 703-305-0445. The examiner can normally be reached on 5:30am to 4:00pm.
